

ADDENDUM

Challenge Course Rain Out Policy

In the event of persistent rain or severely inclement weather, Ties That Bind, Inc. has developed a policy to help the client insure that the Challenge Course experience is the best experience possible. The following applies to the above-mentioned conditions:

- If a client needs to reschedule their event, they must do it by the day before the event. Same day cancellations will result in 100% of the projected invoice.
- If a client decides to reschedule their event, they must do it *within three months* of the initial date of service.
- If the client decides to chance the inclement weather, Ties That Bind's facilitators will honor this unless there is lightening or thunder. In the case of lightening, the participants will be taken under a shelter and the activities will be postponed until conditions are safe.

Note:

This policy has been initiated to give the client the power to decide if the event should take place under these conditions without breaching their contract. Please sign and date below and return with the contract and Needs Assessment. Your signature acknowledges your understanding and agreement with this policy's guidelines.
